STATUS

My name is Milad Mosadegh. I am a full stack web developer with a degree from DCI (Digital Career Institute). I love coding and it is my favorite job that I do every day. I am open to learn every day and try to make this world better and better as I can. Now I am working in DCI (Digital Career Institute) as an AT. I hope the world is big enough to give me what I want.

I am happy that you are reading my resume. It means a lot to me.
